

Destroyit® Model 4004 Shredder

Why choose between high speed and high capacity? The two-speed Destroyit 4004 provides both.

The innovative 4004 maintains top performance by automatically adjusting its speed based on the paper quantity being shredded.

Destroyit 4004 Features

- Shreds continuous forms or small paper amounts at up to 60 feet per minute, and adjusts itself to a slower speed for efficient bulk feeding of up to 55 sheets.
- Photo cell starts and stops cutting head automatically.
- Hardened steel cutting head takes staples and clips.
- Stops automatically when shred bag is full or paper jams.
- Shred bag and box remove easily from rear or front of shredder cabinet.
- Electronic door safety switch.
- Two-speed, chain drive gear motor rated for continuous duty.
- Thermal overload switch is standard.
- EDP rack and sound cover are available.

Indicator lights display automatic speed mode.
