

Benchmark Series[®] 7

Cash dispenser

Speed up transactions and increase cash security

The optimization of cash management calls for specialist experience, resources and truly innovative technology. Across the world, Talaris' cash management solutions are trusted by thousands of organizations to ensure their cash is managed securely and efficiently while delivering the ultimate in productivity.

The Benchmark Series 7 cash dispenser from Talaris quickly and accurately dispenses cash, enhancing the client's experience and improving operating efficiencies. By eliminating tedious manual cash counting, wait times are shorter, and staff has more time to focus on customer service, cross-selling and other critical activities.

The Benchmark Series 7 cash dispenser from Talaris quickly and accurately dispenses cash, enhancing the client's experience and improving operating efficiencies.

Lower total cost of ownership

Benchmark Series 7 employs a dispensing mechanism built for high volume transactions. This results in greater equipment up-time, less service calls, and a better

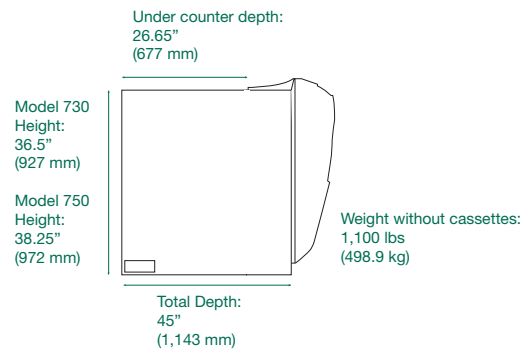

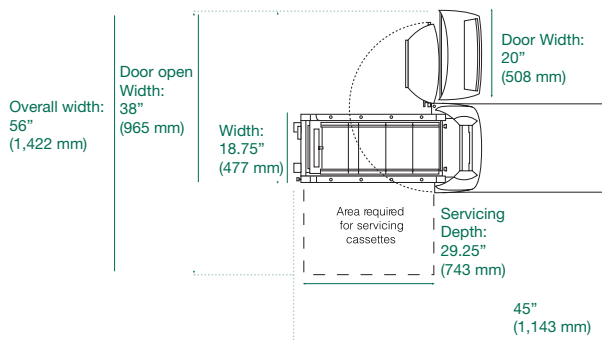

staff experience, as tellers continue assisting customers. Because Benchmark is purpose-built, it is one of the most reliable dispensers on the market. Coupled with Talaris' top rated service, it is the risk-free choice.

Increase security, eliminate theft

Benchmark Series 7 offers vault-level security and eliminates cash exposure — significantly reducing theft risk and improving the security of clients and staff.

Improve transaction efficiencies and enhance the client experience

Accuracy and speed are what clients look for when conducting cash transactions; Benchmark Series 7 provides both. Its flexible configuration options ensure your individual needs can be met. Select from the 730 or 750 client dispense models, and a wide range of cassette, drop box and security options that fit your needs.

Weight and dimensions shown are for UL 291 24 hrs Level 1 safe. Data for other configurations will vary. Please contact your account manager for details.
