

QuickChange[®]

Self-service coin deposit solution

A quick and simple coin deposit solution without the need for pre-sorting

The optimization of cash management calls for specialist experience, resources and truly innovative technology. Across the world, Talaris' cash management solutions are trusted by thousands of organizations to ensure their cash is managed securely and efficiently while delivering the ultimate in productivity.

The QuickChange from Talaris is a fully-automated, self-service coin deposit solution which enables financial institutions to draw more clients to the branch, and benefit as a result.

The overall QuickChange design and staff-friendly features that promote continuous processing will ensure your staff embrace this new service.

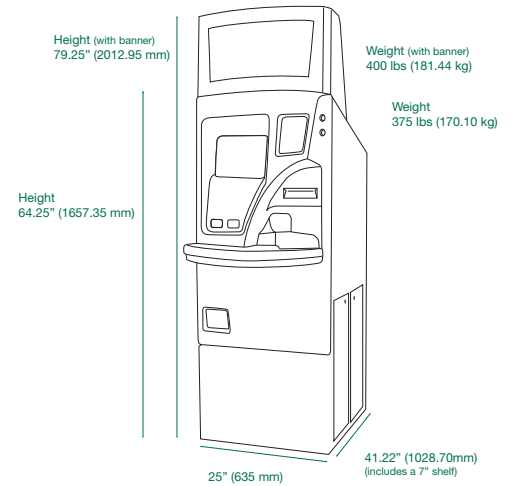

Continuous processing ensures customer satisfaction

QuickChange has easily viewed status lights located on each side of the front façade which alert branch staff to the machine’s status to ensure the solution is always available for client use.

Key features

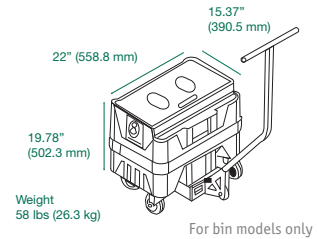

- QuickChange utilizes Talaris’ proven Figure 8 Mach® sorting technology and high performance coin authentication system
- Auto-feed with the safety lock automatically and safely advances coins without user intervention

- Simple two-button operation, dual language capability, and large display make it easy to use for children and adults
- Quick release bag holders make full bag removal quick and easy, minimizing machine down time
- Bins are strong, durable and can be moved with minimal effort
- Custom branding opportunities include door façade insert, receipts, optional overhead backlit banner

Branch Marketing Success

The QuickChange Success Kit includes a sample marketing plan complete with creative applications such as transaction stuffers, posters and advertisements to ensure successful implementation.

For bin models only

Weight and dimensions shown are for a QuickChange bag version. Data for other configurations will vary. For complete information on specifications and area space required for internal access and servicing, please contact your account manager.
