

X/Series/3000

Currency Counter/Discriminator Sorter with CF Detection

7206 N. Terra Vista Drive
Peoria, Illinois 61614

phone: 309-692-4336 fax: 309-692-4643
800-322-2657

The X/Series/3000 is a multi-functional currency sorter that provides high-performance and heavy-duty operation in a convenient desktop footprint. With two full stackers and a separate reject pocket, the X/Series/3000 is equipped with a comprehensive, user-friendly interface and is ideal for tellers or vault operation. Featuring an ergonomic design and TFT color external control unit, the X/Series/3000 provides users with a clear visual of counting results by denomination sorting or FED fitness separation; allowing for uninterrupted operation. Advanced and multi-level counterfeit detection sensors protect against sophisticated counterfeit attempts.
